

To Clyde Nursery,

My child ..... suffers from asthma and has an inhaler. The following is a list of irritants which can act as a trigger, leading to asthmatic symptoms.

---

---

---

The asthmatic symptoms my child shows are;

---

---

---

In the event of these symptoms, I ..... give permission for a First Aid trained member of staff at Clyde Nursery to follow the above instructions and administer ..... puffs of their ..... inhaler when required.

**If the above instruction does not work, the following steps should be taken.**

---

---

---

I will ensure that an in-date inhaler is always left in nursery.  
I will inform the nursery immediately of any changes in these instructions.

Please detail any further advice which may help your child if they suffer an asthmatic attack while in nursery and any other action which should be taken.
